

Matt Blecha

Technologist
Aurora, CO

<https://mattblecha.com>

Key Skills

- Solutions Architecture
- High Performance Computing
- Infrastructure Automation
- Storage Architecture
- Network Engineering
- Systems Administration
- Systems and Network Monitoring
- Log Analysis Infrastructure
- Technology Compliance
- DevOps
- Digital Forensics
- Technical Training
- Mentoring
- Loss Prevention
- Loss Mitigation
- Cost Suppression
- Infrastructure Design

Technologies

- Linux(RHEL,Ubuntu)
- Windows Server
- Cisco, Adtran, Juniper
- nVidia/Mellanox
- CERN EOS
- ARM/x86(32/64 bit)/RISC-V
- Apache + nginx
- Splunk/ELK/Loki
- Microelectronics (Repair,Design)
- Asset Tracking Infrastructure (Global/Local/Fine Grained)
- Ceph
- GCS + AWS
- pFSense, WatchGuard, FortiGate, SonicWALL
- NetApp/3Par/Compellent
- AI/ML/LLM Architecture
- ZFS
- HAProxy
- VMWare/RHEVM/oVirt/XEN
- Electrical Engineering
- Digital Signage Infrastructure
- Chef(Infra,InSpec)
- UniFi
- SuperMicro, Dell, HPE
- Gluster
- Infiniband
- PostgreSQL
- Squid
- Ethernet + Optical
- Microcontrollers (Arduino,ESP32)
- Physical Security (CCTV,Access Control)

Experience

Flagship Biosciences, Inc.

August 2020 - Current

Solutions Architect

Founded in 2009, Flagship Biosciences, Inc., is a technology-driven spatial biology and biomarker services company delivering the most accurate and informative data available.
